- 30) 1. Writing a business plan early will **save you time and money**.
 - 2. Your business plan is the key to raising capital.
 - 3. The business plan is an **operations guide**.
- 31) A plan with clear, concise language, current data, a single "voice," and a consistent format is professional. A professional business plan on high -quality paper with a neat, attractive cover and cover page and professional binding will go a long way to impressing the reader. The potential investor or other reader needs to find the plan appealing in order to read it.
- 32) The management team is often the deciding factor for financial support of the business. With all other factors being equip, a strong management team will be successful and a weak one will fail. The team must be composed of an effective balance of members with technical expertise, experience in the field, and life experience. In the plan, you should briefly discuss the current and proposed management team and reference ther resumes in the appendices. An organizational chart and descriptions of key roles is helpful, as is a chart of compensation rates.
- 33) The mission of a business is expressed in a mission statement which is a concise communication of strategy, including the business definition and competitive advantage. Its function is to clarify what the business is trying to do and it can provide direction motivation to those who are involved in the business. The vision for a business is broader and more comprehensive, painting the big picture of what you want you organization to become. It is built on the core values and belief systems of the organization. It is typically shorter than the mission statement, with loftier perspective.

The **culture** of an organization is largely defined by its leadership. Organizational culture has many components, including norms for risk tolerance and innovation, orientation with respect to people, team-formation and outcomes, attention to detail, and communication.

34) The financial section of the business plan is the numeric representation of all that is written it it. It should
