 - E) Our business should increase sales every year.
- 43) Gathering all of the monetary requirements that a firm will need in order to support each functional plan is the process of 43) _____
- A) monetary planning.
 - B) accounting.
 - C) budgeting.
 - D) controlling.
 - E) financial planning.
- 44) Geoffrey is in the process of determining how many people he will require to operate his restaurant during each business day. He is performing the management function of 44) _____
- A) planning.
 - B) organizing.
 - C) directing.
 - D) staffing.
 - E) controlling.
- 45) Jennifer is the manager of a credit card processing department. She has determined that each processor should be able to input information on 75 credit purchases per hour. She has established a range of plus or minus 5 purchases and an error rate of no more than 2 per hour. Jennifer is performing the management function of 45) _____
- A) organizing.
 - B) directing.

- C) staffing.
- D) planning.
- E) controlling.

- 46) Carl is a construction supervisor. He has to make sure that the inside rooms of the house are painted by this evening because the carpeting company is scheduled to bring in the carpeting first thing tomorrow morning. He told Tim to paint the hall and told Anne to paint the master bedroom. Because he is short-handed, he will paint the kitchen. Carl is performing the management function of _____
- A) staffing.
 - B) directing.
 - C) planning
 - D) controlling.
 - E) organizing.
- 47) Tom is establishing some basic plans for his business. He is in the process of writing down some basic questions that he believes the plans should answer. Which of the following questions does not relate to establishing a functional plan? _____
- A) When will it be accomplished?
 - B) Where do I want my business to be in five years?
 - C) Where will they perform their duties?
 - D) What skills do they need?
 - E) Who will carry out this plan?
- 48) The majority of businesses in the United States today are organized as _____
- A) corporations.
 - B) partnerships.
 - C) limited partnerships.
 - D) Subchapter S corporations.
 - E) sole proprietorships.
- 49) Which of the following is NOT a disadvantage of the sole proprietorship? _____
- A) limited management expertise
 - B) limited access to capital
 - C) limited liability for the owner
 - D) limited lifetime of the business
- 50) The sole proprietor has all of the following advantages, EXCEPT _____
- A) choice of how to pay federal and local taxes.
 - B) choice of retirement plan.
 - C) choice of location for the business.
 - D) choice of product to be sold.
 - E) choice of services to be offered.
- 51) One drawback to a partnership is that it _____
- A) has unlimited liability for each of the partners.
 - B) generally has more management expertise than the sole proprietorship.
 - C) is subject to double taxation.
 - D) generally has more access to capital than the sole proprietor.
- 52) The form of business ownership that gives the owner total control of how the business is run is the _____
- A) sole proprietorship.
 - B) Subchapter S corporation.

- C) partnership.
- D) corporation.
- E) limited partnership.

- 53) The form of business ownership that involves double taxation and limited liability for the owners is the _____
- A) Subchapter S corporation.
 - B) partnership.
 - C) corporation.
 - D) limited partnership.
 - E) sole proprietorship.
- 54) Jane is the president of a business. She runs the business on a daily basis and makes all of the decisions because she has ten years of experience in this business. There are ten other owners in this business, but they have no say in how this business is being run. Jane's business is probably organized as a _____
- A) Subchapter S corporation.
 - B) partnership.
 - C) corporation.
 - D) limited partnership.
 - E) sole proprietorship.
- 55) Carl, Anne, and Al were friends in college. After graduation they decided to open a computer consulting business. They each have \$20,000 to put into the business, and want equal shares of the business. However, they are worried about liability because they had heard of a consultant who crashed a client's computer and was sued for \$1,000,000. They also want to avoid double taxation. The most likely form of business organization for them would be a _____
- A) sole proprietorship.
 - B) partnership.
 - C) Subchapter S corporation.
 - D) corporation.
 - E) limited partnership.
- 56) Carl, Anne, and Al were friends in college. After graduation they decided to open a company that sells computer printer ribbons and cartridges. They each have \$20,000 to put into the business, and want equal shares of the business. They are not worried about liability because they are not actually going to work on printers or going to work in their customer's place of business. They also want to avoid double taxation. The most likely form of business organization for them would be a _____
- A) partnership.
 - B) corporation.
 - C) limited partnership.
 - D) Subchapter S corporation.
 - E) sole proprietorship.
- 57) Unlimited liability for the owner is a problem for which of the following? _____
- A) corporation
 - B) limited partnership
 - C) partnership
 - D) sole proprietorship
 - E) both C and D

- 58) Which of the following is true for a Limited Liability Company (LLC)? 58) _____
- A) Business income is taxed at the individual's personal rate.
 - B) The company is limited in its liability.
 - C) Business income is taxed at the corporate rate.
